

CRICKET FINLAND NEWS – FULL-TIME EMPLOYEE RECRUITED

Towards the end of last year the FCA Board decided to officially apply for local funding to support the recruitment of a full-time employee for the first time in Finnish cricket history. On the back of strong development in our activities in the last few years and ambitious plans to develop Finnish cricket further, we are now extremely pleased to advise that the funding application was successful!

As a result Aniketh Pusthay officially started work at the Pasila cricket office last week on a 10-month contract. His main role as Development Officer will be to help us run cricket office administration more efficiently, assist with the marketing of Finnish cricket and contribute social media content, as well as focus on the pro-active expansion of the junior Street20 Finnish cricket programme.

Aniketh is originally from the city of Hyderabad in southern India and he holds a BA in English Literature from the Periyar University. He has lived in Finland since 2012, already speaks a competent level of Finnish and has been one of our most active junior coaches since summer 2013. Aniketh will be based at the FCA office in the Finnish Sports Federation VALO building in Pasila and will also be actively on the road delivering Street20 cricket coaching to schools mainly in the Greater Helsinki area, but at times also further afield when a suitable project is presented from elsewhere. Aniketh can best be reached via email INFO@CRICKETFINLAND.COM

On behalf of the whole community, I warmly welcome Aniketh to the growing Finnish cricket family and encourage all our clubs to pass on this information to all members and interested parties.
